

Product Design  
Assembly & Finishing  
Plastic Injection Molding  
Fabricating Plastic & Sheet Metal  
Precision CNC Milling & Turning  
Vacuum Forming  
Die Cutting

Plastic & Metal Center, Inc.  
ENGINEERING • DESIGN • MANUFACTURING  
ISO & GMP Compliant

# A "Single Source" supplier using the latest in technology for reliability, flexibility, and capability with strong partnership commitment.

PROTOTYPE • PRODUCTION • ASSEMBLY

## **Injection Molding**

- Commodity Plastics
- Assembly
- Any Material
- Mold Making
- Finishing

## **Thermo Vacuum Forming**

- Tool Design
- Any Thickness
- Complex Designs
- Trimming
- Packaging

## **CNC Machining**

- Milling
- Turning
- Exotic Material
- CAD/CAM
- Tooling & Fixtures
- Custom Machinery
- EDM Sinker
- Grinding
- Assembly

## **Fabrication**

- Plastic
- Sheet Metal
- Welding
- Bending
- CNC Routing
- All Materials
- POP Displays
- Fulfillment

## **Product Design**

- Conceptual Design
- Electronics
- Mechanical
- Engineering
- CAD/CAM 3D SolidWorks

## **Product Assembly**

- Sub Assemblies
- Multiple Welding
- Screening
- Packaging

PMC offers a complete package. Our company designs prototypes and manufactures products for numerous industries, which include: Medical, Electronic, Entertainment, and Consumer Goods. PMC specializes in customizing solutions for every project by utilizing a range of capabilities including: Engineering, Machining, Injection Molding, Fabrication, Vacuum Forming, and Assembly. By combining services, PMC provides the "Single Source," which manages each order from prototyping to production; ultimately reducing lead times and still maintaining the customer's requirements.

With one location and many capabilities PMC is able to save our customers time and money. At our facility we have the capability and experience to produce any part or product from concept to short runs to volume production. Throughout the years PMC has continually grown; we attribute this success to our knowledgeable engineers, on-time dependability, solid one-on-one relationship, and customer service.

PMC is committed to continuous production improvement that is achievable with our flexible in-house manufacturing services. We are able to combine or transfer processes to maximize saving costs per part. Our vision is to provide value to each customer through diverse services and expeditious delivery to insure customer satisfaction. In order to provide reliability, on-time delivery, and quality, we maintain GMP and ISO standards.

Our versatile company and unique blend of service makes us the preferred vendor for our valued customers who demand a qualified reliable "Single Source."

### *All Types of Plastic:*

*Delrin, Nylon, Teflon, ABS, Polycarbonate, Ultem...*

### *All Types of Metal:*

*Aluminum, Stainless Steel, Brass, Titanium...*
